SELECTMEN'S REPORT

We would call your attention as to developments since the Belmont Hosiery Co. discontinued operations in August 1955, immediately thereafter your Board of Selectmen made personal contacts with the N. H. Planning and Development Commission also State and Federal officials in order to interest some industry to start operations in our Town. The Planning and Development Commission was contacted on numerous occasions in order to ascertain from them what potential enterprises might be interested in locating in Belmont, our efforts were without immediate success.

We also had several conferences with Mr. Alcide O. Cormier, regarding the purchasing and operation of the Belmont Hosiery. Just how much these interviews had to do with Mr. Cormier buying the mill at a later date is a question.

Now that you are all acquainted with the fact that Mr. Cormier is the new owner, we hope this will bring additional employment and business to the Town of Belmont. We have great respect for his ability as an able industrialist and wish him abundant success.

During the Town Meeting in March, 1956 Mr. Royal W. Smith our moderator was appointed by the Selectmen as one member of a proposed industrial Committee of six, with a request that the citizens of the Town vote to have the moderator appoint the five additional members to serve with the Board of Selectmen. His appointments were as follows: Auril Tasker, Russell P. Brown, Armand LaFlam, Russell H. Cushing, Matthew S. Mirski.

Your Industrial Committee began conducting meetings shortly after Town Meeting to discuss ways and means to attract some potential industry to locate in Belmont. The results of these conferences brought about various contacts with several industries, through written communications, phone and personal interviews which we are pleased to list below: Cabot & Cabot & Forbes, Tremont St., Boston, Mass. Mr. Wilder representing a group of businessmen from South Acton, Mass. who were interested in manufacturing Electronics.

Snow Shoe Co. in Penn., Beede Mfg. Co., Penacook, N. H. Ace Spring Mfg., Co., N. Y. C., Bernard B. Imber Co., 350 Fifth Ave., N. Y. C., adv. in the Textile Trade Paper.

Mr. Dahlfred from the State Planning and Development Commission was invited to one of our industrial committee meetings and gave a very interesting talk on industry entering small towns, he also suggested some remote possibilities of new industry entering Bel-

mont, but which has not materialized up to the present writing for one reason or the other. There has been various reasons given by those whom we have contacted as well as some who have visited the Town of Belmont in anticipation of opening new industry, some of which are herein stated. The size of the building which would not be interesting to some, also the fact that many mfg. today like a one story building. Others that could use part of the building did not feel inclined to pay taxes for additional floor space which they could not use.

We have also had personal interviews with other businessmen with the thought of having them locate in Belmont and build their own factory on some of our vacant land.

While nothing of major importance has developed through the action of your industrial committee we shall continue to do everything possible with the time we have to devote to this worthy cause. Remember patience is virtue, any suggestions from our town people will be most welcome.

YOUR TOWN DUMP

Use it freely

Care for it

Your town dump has been set up for your personal convenience. It provides a suitable place where you can dispose of the large amounts of dangerous, inflammable waste material and other useless items which accumulate around your household and local stores, etc., cut on your property. The town dump has become a valuable and indispensable asset in modern community life.

The most successful town dumps are supervised—regular days provided for their use and inflammable material consistently burned. The town dump which receives no attention, where waste material is scattered about without supervision of any description, soon becomes a community menace and a liability rather than an asset.

Many people still burn debris around their homes. A large number of such fires get out of control causing unnecessary damage and expense to the burner. Why burn at home? Make use of your town dump and eliminate the hazard of burning. It will be easier for you—personally and financially.

If, however, you do burn on your premises

1. Secure a permit from your local forest fire warden—the law requires it. The warden won't refuse you if conditions are safe.
2. Be sure to properly supervise your burning. Don't leave it.
3. Make certain your fire is DEAD OUT before leaving it.

Save yourself much possible difficulty

Use your dump freely

Help Keep it safe

CLEMENT E. HAMILTON
Forest Fire Warden

To the Forest Fire Warden:

The above statement has been prepared because many of you have asked for it. It is intended to inform local residents and to arouse their interest in your problems. A copy has been sent to the Selectmen but it would be well for you to see them and personally request its publication.

REPORT OF WINNISQUAM FIRE DEPARTMENT

For the period beginning January 1, 1956 and ending December 31, 1956, the cost of maintaining the Winnisquam Fire Department was \$2,764.94.

Of this amount four hundred dollars (\$400) was for the purchase of a used 1953 Chevrolet chassis on which we are going to mount the tank and equipment which is presently on our Engine #2, a 1935 Ford.

During this same period we responded to twenty-five fire calls in our district, broken down as follows:

Tilton—8
Belmont—7
Sanbornton—8
Laconia—1
Gilford—1

REPORT OF HEALTH DEPARTMENT

Number of Water tests in 1956

Town Pump 6

The tests showed that the town supply is O.K. for drinking purposes, but contains a large amount of iron, this excessive amount of iron is caused by a section of iron pipe that was not replaced when the new water system was installed.

DONALD J. LEITH,

Recently, I replaced Mrs. Carter as the state nurse for Belknap County. Therefore, it is impossible for me to supply you with a complete report of all the health work Mrs. Carter did in Belmont during the past year for your Annual Report. AUDITOR'S REPORT

July 16, 1956

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Members of the School Board and Citizens of Belmont School District:

NEW ELEMENTARY SCHOOL

The School Board and the Building Committee were rightfully very proud when Commissioner of Education Austin J. McCaffrey stated at the dedication of the Belmont Memorial School that he thought "the taxpayers of Belmont received a wonderful school for the investment of \$100,000 and that it was a most economical achievement."

The more the situation is studied, the more obvious it becomes that Belmont was fortunate to build when it did, to secure an interest rate of 2.4 per cent against the 4 per cent and above now required, to build before building costs soared, and to move forward when the State provided building aid for the first time.

HIGH SCHOOL IMPROVEMENTS

The new laboratory for science, better library facilities, a four-year commercial course have been added to the usual college, home economics and shop courses at Belmont High School to make Belmont High School a better school. Pupils now are offered four years of science, four years of mathematics, and three years of history.

SALARY IMPROVEMENTS

The Belmont School Board has advocated higher salaries for teachers to eliminate as far as possible the extreme turnover in teaching staff that does not help education. The 1956-1957 figures released by the State show that the average pay this year for elementary teachers is \$3,445 and \$3,910 for high schools. The teacher turnover in Belmont has been halted by the progressive action of the School Board and the backing of the community.

GALE SCHOOL PAINTING

The painting of the Gale School was an example of true community cooperation. The Lions Club sponsored the undertaking by contacting civic organizations for their contributions. Members of every organization in town aided in the effort. Mr. Fred Mahoney served as foreman of the painting crew of 40 volunteers. The project received state wide publicity for Belmont.

Mrs. Elinor Call, Teacher to Franklin, N. H.
Mr. Charles Hand, Principal to Ayer, Mass.

The Belmont School Board has held many special meetings in addition to the regular school board meetings to study the safety problems in the schools and playgrounds, transportation, curriculum study, budgets, economies, approval of bids on supplies and materials, improvement of the schools, and personnel problems. The School Board has been alert to seek every possible savings, has secured bids for the best value on every service and equipment, and has worked at all times to steadily improve the schools without giving the taxpayers an undue burden. It has been a pleasure to serve with Mr.

Roland Kimball, Chairman, Mrs. Suzanne Roberts, and Mr. Robert Bordeau.

May I express my appreciation to the School Board, Building Committee, Parent-Teacher Association, Principals, Teachers, Custodians, Lunch Supervisors, Selectmen, Recreation Association, for the co-operation and assistance received during the year. Belmont is outstanding for the community cooperation of the citizens with the School Board in its efforts to make Belmont one of the outstanding school systems of the State.

Cordially yours,

GORDON L. FOX
Superintendent of Schools
